Academic Level: FHEQ3 **Credit Value:** 20 **Total Delivered Hours:** 58
Total Learning Hours: 200 **Private Study:** 142

Delivery Options

Course typically offered: Semester 1

Component	Contact Hours
Lecture	40
Seminar	6
Tutorial	10

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Exam	AS1	Short answer questions on Anatomy and Physiology (seen paper)	70	2
Essay	AS2	1,500 word essay on measures to control identified risks in theatre practice.	30	

Aims

To introduce the student to the basic concepts and principles underpinning operating department practice.

Learning Outcomes

After completing the module the student should be able to:

- 1 Identify measures for controlling infection and other hazards in the operating department environment
- 2 Describe the basic structure and function of the human body in maintaining homeostasis
- 3 Demonstrate an awareness of the fundamentals of surgical and anaesthetic practice

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

EXAM	2	
ESSAY	1	3

Outline Syllabus

Health, safety and security issues related to theatre practice.

Conduct in theatre

Principles of infection control.

Basic science.

The multidisciplinary team.

Human anatomy and physiology.

The fundamentals of surgical and anaesthetic practice.

Learning Activities

A series of lectures to impart factual knowledge will be given and group tutorials will be utilised to broaden the students' knowledge base. Seminars will enable the student the opportunity to orally display the learning that has taken place.

Formative quizzes will enable the student to discover learning deficits and also strengths

Notes

The module aims to provide a broad introduction to the concepts and principles underpinning surgical and anaesthetic practice.
