

Liverpool John Moores University

Title: FOUNDATIONS FOR CLINICAL PRACTICE
Status: Definitive
Code: **3504PPCPOP** (110275)
Version Start Date: 01-08-2014

Owning School/Faculty: Nursing and Allied Health
Teaching School/Faculty: KPJ International College of Nursing and Health Sc

Team	Leader
Sean Mackay	

Academic Level: FHEQ3
Credit Value: 24.00
Total Delivered Hours: 192.00
Total Learning Hours: 240
Private Study: 48

Delivery Options

Course typically offered: Semester 1

Component	Contact Hours
Online	156.000
Tutorial	36.000

Grading Basis: Pass/Not Pass

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Portfolio	AS1	A portfolio containing evidence of clinical proficiency	100.0	

Aims

To enable students to apply skills related to the maintenance of health, safety and the control of infection in clinical work areas

To enable students to receive, transfer and position patients for clinical procedures

Learning Outcomes

After completing the module the student should be able to:

- 1 Monitor and maintain health, safety and security in clinical work areas
- 2 Monitor and maintain the cleanliness of clinical work areas
- 3 Prepare and dress for scrubbed and non-scrubbed clinical roles
- 4 Monitor and maintain sterile fields during clinical procedures
- 5 Receive patients for clinical procedures
- 6 Prepare and transfer patients for clinical procedures
- 7 Position patients for clinical procedures

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

portfolio 1 2 3 4 5 6 7

Outline Syllabus

Health and safety in the workplace; infection control practices; receiving, transferring and positioning patients for clinical procedures.

Role of the circulating practitioner

Role of the scrub practitioner

Learning Activities

36 hours of Clinical Tutorials will be used to assist the student to apply the knowledge base to the actual hands on work-based learning – 156 hours

Written reflections on practice learning will enable the student to contextualise learning in the workplace

Notes

This practice module enables students to demonstrate proficiency in two major aspects of clinical practice; health and safety at work and patient safety in relation to receiving, transferring and positioning patients for clinical procedures.

To be awarded a pass grade, the student must generate sufficient, valid and reliable evidence as measured against the criteria for standards of proficiency specified in the practice assessment document
