Total Learning Hours: 240 **Private Study:** 140

Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Lecture	72
Tutorial	24

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Exam	Exam 1		40	2
Exam	Exam 2		30	2
Essay	Essay		30	

Aims

To assess the management of a vessel through the application of law and available resource.

Learning Outcomes

After completing the module the student should be able to:

- 1 Give details of factors to consider in order to maintain a safe navigational watch.
- 2 Assess the resources available to effectively respond to shipboard emergency situations.
- 3 Demonstrate an understanding of manoeuvring a vessel
- 4 Explain the application of legislative requirements on seagoing vessels.
- 5 Detail the principles of personnel management within the shipping sector

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Examination 1	1	
Examination 2	2	3
Essay	4	5

Outline Syllabus

*Safe navigational watchkeeping including standard bridge procedures, the use of anti-collision rules, the buoyage systems and standard communication systems.
Emergency response including distresses.
Manoeuvring a vessel including anchoring and mooring.
Monitor compliance with legislative requirements by UK and non UK vessels.
Principles of personnel management within the shipping sector.*

Learning Activities

Classroom based lectures and tutorials including the use of appropriate case studies where possible.

Notes

This module contributes to the knowledge required to gain a professional qualification for the Merchant Navy.
