Team	Leader
Jen Flanagan	Y
Pat Clarke	

Academic Level: FHEQ4 **Credit Value:** 20 **Total Delivered Hours:** 40
Total Learning Hours: 200 **Private Study:** 160

Delivery Options

Course typically offered: Runs Twice - S1 & S2

Component	Contact Hours
Lecture	15
Online	15
Seminar	5
Workshop	5

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	Assignment	Assignment will be 2500 words long	60	
Presentation	Group work	One scenario equivalent to 40% of the module	40	

Aims

To apply the underpinning principles of nursing to the care of adults.

Learning Outcomes

After completing the module the student should be able to:

- 1 Introduce the student to a range of theories and models that inform adult nursing practice
- 2 Recognise the legal, ethical and policy context within which nursing care is delivered

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Health Promotion	1	2
Scenarion in a Day	1	2

Outline Syllabus

Historical context of nursing
Legal, ethical and policy context
Value based practice
Health inequalities
Person-centred practice
Communication and interpersonal skills
Health promotion
Public Health
Developing relationships with significant others
Nursing practices
Disability
Death and dying
Decision making
Collaborative practice

Learning Activities

A range of learning activities will be used for module delivery including lectures, seminars, workshops, on-line learning, reflective practice, formative assessment, guided reading, independent study and scenarios.

Notes

This module will focus on person centred practice within the context of nursing. It will achieve this by exploring themes such as health promotion, health inequalities and public health and how these relate to person centred practice. You will be able to participate in discussion in relation to the issues generated throughout the module.
