

## Liverpool John Moores University

Title: INDEPENDENT EXTENDED ASSIGNMENT  
Status: Definitive  
Code: **4006COMP** (103124)  
Version Start Date: 01-08-2011

Owning School/Faculty: Computing and Mathematical Sciences  
Teaching School/Faculty: Computing and Mathematical Sciences

Team	Leader
Hulya Francis	Y

**Academic Level:** FHEQ4  
**Credit Value:** 12.00  
**Total Delivered Hours:** 3.00  
**Total Learning Hours:** 120  
**Private Study:** 117

### Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Tutorial	3.000

**Grading Basis:** 40 %

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Report	AS1	Independent extended assignment	100.0	

### Aims

*Students review, apply, extend or interpret subjects studied within, or related to, their programme of study.*

### Learning Outcomes

After completing the module the student should be able to:

- 1 Negotiate an independent piece of work at this level; Devise and produce a plan, discuss it, amend it if necessary and implement it.

- 2 Present an essay/written report and/or technical product.

### **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

Assignment                                      1     2

### **Outline Syllabus**

*During the summer period (or academic semester if preferred by the student) a student negotiates (or selects from a given list) an assignment requiring independent reading and completion of an essay or small project report and, where appropriate, implementation of a technical product, for submission by a specified date. Assignment titles will be subject to approval by the module leader or designated nominee on behalf of the Board of Study.*

### **Learning Activities**

Independent study for an agreed assignment.
