Aims and Outcomes

Aims	This module aims to help students to understand key theories and concepts relevant to policing and the wider criminal justice system by examining the chronological development of policing and other institutions within the system; landmark events; and their inter-relationship and relevance.

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Describe the impact of historical developments in policing for contemporary issues and be able to identify whether such developments constrain future provision
MLO2	2	Recognise and explain practice responses (internally and externally) to shifts and trends in policing and criminal justice policy against wider social political landscapes
MLO3	3	Summarise contemporary debates around pluralisation, diversification and professional innovation of policing services, police accountability and police powers
MLO4	4	Write in a format and at a level required for Higher Education Study.

Module Content

Outline Syllabus	1. Policing and the Wider Criminal Justice System2. Policing Histories and Development3. Politics and Reform in Policing4. Police Governance and Accountability5. Police Pluralisation6. Models of Policing7. Ethics and Professional Standards
Module Overview	This module aims to help you understand key theories and concepts relevant to policing and the wider criminal justice system by examining the chronological development of policing and other institutions within the system, landmark events and their inter-relationship and relevance.
Additional Information	This module seeks to provide a theoretically-orientated level consideration of policing and the role it holds within the criminal justice system. It examines policies and practices and the crucial interaction between them, within the overall context of the effectiveness of the systems operation. There is a focus on the development or personal, individual skills particularly in relation to the use of Information Technologies within learning.
