JAN-MTP	MTP	January	12 Weeks

Aims and Outcomes

Aims	1. Introduce students to a range of contemporary criminological issues and surrounding academic debates.2. Introduce students to key social divisions that pervade crime, harms and criminal justice.3. Encourage students to explore the different ways key thinkers have attempted to explain contemporary criminological issues.
------	---

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Explore how a range of contemporary issues have been discussed within criminological literature.
MLO2	2	Demonstrate knowledge of the significance of some key social divisions that pervade crime, harms and criminal justice.
MLO3	3	Understand how contemporary issues can be explored in different ways

Module Content

Outline Syllabus	1. Introduction to Theory & Issues2. Social Divisions: Race, Ethnicity & Indigeneity 3. Social Divisions : Gender & Sexuality4. Social Divisions : Class & Social Exclusion5. Interpersonal Violence6. Hate Crime7. Youth Crime / Crimes8. Terrorism9. State Crime10. Migration
Module Overview	This module will look at some contemporary criminological issues within society (some of which are generally ignored by state institutions as well as by much of criminology itself). We will apply our criminological theoretical imagination to help us understand and theorise them. Adopting a critical lens and simultaneously considering social divisions allows us to explore these issues differently to the ways in which, for example, state institutions may define, understand and seek to tackle them.
Additional Information	This module will look at some contemporary criminological issues within society, (some of which are generally ignored by state institutions as well as by much of criminology itself), and apply our criminological theoretical imagination to help us understand and theorise them. Adopting a critical lens and simultaneously considering social divisions, allows us to explore these issues differently to the ways in which, for example, state institutions may define, understand and seek to tackle them.
