Aims and Outcomes

Aims	1. Develop a deep understanding of sociological perspectives on identity and representation, and equality and diversity, in contemporary society, and to explore the intersections of race, class, gender, sexuality, age, disability and/or social class.2. Develop, enhance and practise essential academic study skills, including library search, identifying and analysing relevant sources, referencing, and academic writing.3. Reflect upon students' personal development (PDP).
------	---

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Explain and analyse the ways in which identity and inequality can become the basis for social divisions and political mobilisation, and apply a variety of sociological theories and/or definitions of identity, equality and intersectionality to contemporary society.
MLO2	2	Demonstrate the basic skills required for effective study and learning.
MLO3	3	Review one's own academic progress during the first year of study, supported through individual PDP meetings with a named personal tutor.

Module Content

Module Overview	
Additional Information	This module develops a deep understanding of sociological perspectives on identity and representation, and equality and diversity, in contemporary society, whilst exploring the intersections of race, class, gender, sexuality, age, disability and/or social class. Moreover, the module will develop, enhance and practise essential academic study skills, including library search, identifying and analysing relevant sources, referencing, and academic writing. Also integral to the module will be individual PDP meetings with students' personal tutor in order to review students' transition into HE and academic progress during their first year of study.
