Aims and Outcomes

Aims	The aim of this module is to teach students the complexity of cross border flows of capital, goods, ideas, and people that has rapidly transformed the human society due to globalisation. Globalisation has affected the autonomy of nation-states and have eroded the power of national governments. Hence, this module intends to examine not only the causes and mechanisms of this process, but also assesses its social, economic, and political impacts.
------	---

After completing the module the student should be able to:
