Aims and Outcomes

Aims	The aim of this module is to draw together learning in the other programme modules and apply skills and understanding to the specifics of a live project. All the features of the module are designed to simulate or recreate professional working conditions or circumstances.

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Plan and propose a creative project.
MLO2	2	Collaborate with other arts practitioners to realise a creative project and engage an audience.
MLO3	3	Utilise professional skills to realise a creative project.
MLO4	4	Devise strategies for the use of technology in creative planning and use technology in the realisation of a creative project.
MLO5	5	Reflect on practice and plan for future projects.

Module Content

Outline Syllabus	The students will produce the equivalent of a funding application or business proposal where an idea will be clearly presented in project planning terms and be justified with reference to appropriate understanding of the art form and its traditions and its value and impact in the real world (see Core Ideas module). They will be expected to apply skills developed in the pathway modules. The project evaluation would include reference to key ideas covered in the course.
