### Aims

*The aim of this module is facilitate the student's transition to university. The module will assist students in developing the essential personal and study skills that are necessary to succeed in an undergraduate law programme. The module provides opportunities for students to engage in small group sessions where they can develop working relationships with fellow students.*

*To introduce students to the basic concepts, structures and mechanisms through which English Law develops.*

*To familiarize students with the importance of judicial law-making and the significance of international law.*

*To introduce students to the issues surrounding law and morality and law and justice.*

## **Learning Outcomes**

After completing the module the student should be able to:

- 1 Demonstrate an awareness of the social, moral and ethical framework within which a legal system operates and possess a firm grounding of the basic concepts, values, principles and rules of the English Legal System.
- 2 Understand the sources of law in the UK, structure of the courts and apply the principles of statutory interpretation and judicial precedent.
- 3 Research, formulate and present an argument in a way which is comprehensible to others and which addresses their particular concerns or questions.
- 4 Identify and reflect upon the following aspects of self-awareness in respect of personal development and career planning: strengths and weaknesses, motivations and values, ability to work with others.
