

## Liverpool John Moores University

Title: Perioperative practice (1)  
Status: Definitive  
Code: **4504KPJOP** (121389)  
Version Start Date: 01-08-2021

Owning School/Faculty: Nursing and Allied Health  
Teaching School/Faculty: KPJ International College of Nursing and Health Sc

Team	Leader
Sean Mackay	

**Academic Level:** FHEQ4  
**Credit Value:** 20  
**Total Delivered Hours:** 36  
**Total Learning Hours:** 200  
**Private Study:** 320

### Delivery Options

Course typically offered: Semester 1

Component	Contact Hours
Placement/Practice	156
Tutorial	36

**Grading Basis:** Pass/Not Pass

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Portfolio	AS1	A portfolio containing evidence of clinical proficiency	100	

### Aims

*To provide students with the skills to store, prepare and monitor the effects of drugs on patients*

*To enable students to support, monitor and assist with the care of patients during clinical procedures*

## Learning Outcomes

After completing the module the student should be able to:

- 1 Store, issue and account for drugs
- 2 Monitor, assess and respond to the effects of drugs on patients
- 3 Prepare patients for clinical procedures
- 4 Assist in venous and arterial cannulation during clinical procedures
- 5 Assist in establishing and maintaining the patient's airway
- 6 Monitor the physiological parameters and fluid balance of patients undergoing clinical procedures
- 7 Prepare, apply and attach dressings, wound supports and drains to patients
- 8 Receive, handle and dispatch clinical specimens
- 9 Contribute to effective team practice
- 10 Contribute to the development of others in the work team

## Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Portfolio clinical proficiency	1	2	3	4	5	6	7	8	9	10
--------------------------------	---	---	---	---	---	---	---	---	---	----

## Outline Syllabus

*Storage of drugs;*  
*Monitoring and responding to the effects of drugs on patients;*  
*Patient care and support during a range of clinical procedure*

## Learning Activities

36 hours of Clinical Tutorials will be used to assist the student to apply the knowledge base to the actual hands on work-based learning – 156 hours

Written reflections on practice learning will enable the student to contextualise learning in the workplace

## Notes

This practice module enables the student to become proficient at handling drugs and monitoring their effects on patients. The module also facilitates students to become proficient at supporting, monitoring and caring for patients during clinical procedures.

To be awarded a pass grade, the student must generate sufficient, valid and reliable evidence as measured against the standards of proficiency stated in the practice assessment documentation
