Academic Level: FHEQ4 **Credit Value:** 20 **Total Delivered Hours:** 70
Total Learning Hours: 200 **Private Study:** 130

Delivery Options

Course typically offered: Runs Twice - S1 & S2

Component	Contact Hours
Lecture	46
Tutorial	24

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	Assignment	Assignment will be 2000 words long	20	
Presentation	Group work	One scenario presentation	20	
Exam	Exam	The mid term exam covers the syllabus completed at that stage, allowing students to gauge their progress in the module	20	
Exam	Exam	The final exam will cover the underpinning knowledge for all of the topics covered	40	

Aims

To apply the underpinning principles of nursing to the care of patients.

Learning Outcomes

After completing the module the student should be able to:

- 1 Describe a range of theories and models that inform nursing practice
- 2 Recognise the legal, ethical and policy context within which nursing care is delivered

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Health Promotion essay	1	2
Scenario in a Day pres	1	2
Mid term exam	1	2
Final Exam	1	2

Outline Syllabus

Legal, ethical and policy context
Value based practice
Health inequalities
Person-centred practice
Health promotion, Public Health
Developing relationships with significant others
Decision making
Collaborative practice

Learning Activities

A range of learning activities will be used for module delivery including lectures, seminars, workshops, on-line learning, reflective practice, formative assessment, guided reading, independent study and scenarios.

Notes

This module will focus on person centred practice within the context of nursing. It will achieve this by exploring themes such as health promotion, health inequalities and public health and how these relate to person centred practice. You will be able to participate in discussion in relation to the issues generated throughout the module.
