## Partner Teaching Institution

Institution Name
Nelson and Colne College Group

## Learning Methods

Learning Method Type	Hours
Lecture	48

## Module Offering(s)

Offering Code	Location	Start Month	Duration
SEP-PAR	PAR	September	28 Weeks

## Aims and Outcomes

<b>Aims</b>	This module acts as a synoptic task for level 4 of all sustainability streams. It offers students the opportunity to apply the knowledge and skills they have gained to a real-world task appropriate to their specialism. This module is also designed to develop fundamental professional skills required by professionals working in industry and commerce as sustainability specialists.
-------------	--

## Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Demonstrate an awareness of the importance of written and verbal communication in professional practice, and the production of visual aids
