Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	Profile	Produce a community profile (2000 words) and a poster presentation	100	

Aims

to explore the changing nature of society and welfare provision

Learning Outcomes

After completing the module the student should be able to:

- 1 Explore key concepts associated with working with people and communities

- 2 Identify key demographic characteristics of communities
- 3 Understand the nature of welfare provision

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Community Profile	1	2	3
-------------------	---	---	---

Outline Syllabus

Continuum of Welfare

Positive uptake of universal services

Identification of how services meet the needs of a diverse population

Identification of factors leading to the need for increased provision

Making positive contributions to society

Learning Activities

Learning activities will include a balanced menu of broken lectures, workshops, visits to services, tutorials and on-to-one activity.

Notes

Contemporary society can be characterised by rapid social and technological change, cultural diversity, conflicting values and competitive pressures. This module aims to provide an introduction to contemporary society to enable students to appreciate its often complex nature and understand how it relates to the provision and access to services.
