

Liverpool John Moores University

Title: DEVELOPING MIDWIFERY PRACTICE THROUGH RESEARCH
Status: Definitive
Code: **5000BAMID** (100402)
Version Start Date: 01-08-2014

Owning School/Faculty: Nursing and Allied Health
Teaching School/Faculty: Nursing and Allied Health

Team	Leader
Maria Forde	Y

Academic Level: FHEQ5 **Credit Value:** 12.00 **Total Delivered Hours:** 37.00
Total Learning Hours: 120 **Private Study:** 83

Delivery Options

Course typically offered: Semester 1

Component	Contact Hours
Lecture	24.000
Online	12.000
Tutorial	1.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Presentation	AS1	Poster presentation	100.0	

Aims

To further develop the students' understanding of the sources of midwifery knowledge and various research design and methodologies

Learning Outcomes

After completing the module the student should be able to:

- 1 Discuss the principles of research governance, ethical approval and proposal writing
- 2 Discuss the factors affecting research dissemination
- 3 Analyse the various sources of midwifery knowledge
- 4 Critically analyse current research to underpin midwifery knowledge

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Poster Presentation 1 2 3 4

Outline Syllabus

Research approaches, quantitative and qualitative research, literature reviews, research design, research governance, ethics committees, main research methods, research writing, presenting a poster at a conference

Learning Activities

Lectures, tutorials, self-directed study

Notes

This module gives the student an understanding of the principles involved in undertaking and reporting research. Learning outcome four will be achieved through the process of having a poster accepted for the annual midwifery conference.
