**Academic Level:** FHEQ5  
**Credit Value:** 24  
**Total Delivered Hours:** 180  
**Total Learning Hours:** 240  
**Private Study:** 60

### Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Online	160
Tutorial	20

**Grading Basis:** 40 %

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Report	AS1	Applied work based research project, (incorporating learning log) (portfolio 3000 words)	100	

### Aims

*The overall aim of this module is to enable the student to produce a research project on a topic of special interest to them and relevant to the work based learning provider*

### Learning Outcomes

After completing the module the student should be able to:

- 1 demonstrate research and investigative skills;
- 2 analyse in depth a topic relevant to the students field and work based learning provider;
- 3 demonstrate the ability to select, understand, analyse and evaluate information on a chosen topic;
- 4 apply academic knowledge to a work based problem or issue and recognise its relevance in their employment.

### **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

Research Project	1	2	3	4
------------------	---	---	---	---

### **Outline Syllabus**

*Students will consolidate knowledge, strengthen skills and develop the understanding acquired throughout their period of studies. The research project to be addressed is to be identified collaboratively with the student, university tutor and employer.*

### **Learning Activities**

Seminars  
Work Based learning activities  
Tutorials

### **Notes**

This module allows students to research a topic of their choosing, which addresses issues around the disciplines of coaching and sport development. This is a project based module applying theories and principles integrated from modules studied on the programme. This module enables students to demonstrate their ability to undertake an individual investigative assignment with direct relevance to their professional practice. The module forms the culmination of the field of study, and may be developed from all or any of the previous modules.
