Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	ASS1	Case study of a service providing organisation and its role in a modern health and social care context. 2500 words	60	
Reflection	ASS2	Reflection on individual career aspirations. 2000 words	40	

Aims

This module will develop students understanding of the wide range of service provision within today's health and social care sector.

Learning Outcomes

After completing the module the student should be able to:

- 1 Explore the organisation of health and social care provider organisations.
- 2 Analyse the role of key service provider providing organisations in a modern health and social care context.
- 3 Reflect on key job roles associated with health and social care service providers.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Case Study	1	2	3
Reflection	3		

Outline Syllabus

Drivers and values: the contemporary health and social care policy context.

Models of organisations and service delivery: examining a range of statutory, community and voluntary sector providers.

People: health and social care service users and carers, professionals and practitioners.

Challenges: political, economic, social, cultural and demographic factors.

Future directions: case studies of innovation and developments in service provision.

Personal development: understanding personal interests, motivations and career aspirations in relation to working in a modern health and social care sector.

Learning Activities

Lectures and 'flipped classroom' activities including workshops and seminars

Online directed study and discussion

Discovery learning through visits to service providing organisations and engagement with service providers/users

Case study focused activity

Assignment tutorials

Notes

This module has been designed to enable undergraduate students to develop their understanding of the range of organisations and individuals who make up the contemporary health social care sector. It will build upon their personal interests, motivations and career aspirations.

Classroom-based activities and organised visits to service providers will allow students to explore what their future contribution could be either as a volunteer,

practitioner, professional or within a management or strategic role.
