Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	A clinical reflection of 3000 words relating to the students involvement in the care of a child	100	

Aims

To prepare the registered paramedic to clinically assess, manage and treat children in a range of emergency and urgent situations.

Learning Outcomes

After completing the module the student should be able to:

- 1 Explore the holistic assessment, treatment and management of an injury or illness within the context of child health care in the pre hospital environment.
- 2 Appraise the evidence base that supports assessment, treatment and management of the child.
- 3 Analyse the legalities relating to the assessment, treatment and management of the child and the need for consent.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Essay	1	2	3
-------	---	---	---

Outline Syllabus
