Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	ESSAY	4,500 WORD ASSIGNMENT	100	

Aims

To explore contemporary issues and strategies for managing Long Term Care and Rehabilitation of service Users

Learning Outcomes

After completing the module the student should be able to:

- 1 Apply key professional, legal and ethical concepts in nursing practice to long term care
- 2 Consider the relationship between health needs assessment and the provision of long term care
- 3 Critically appraise a range of collaborative and integrated care approaches involved in meeting rehabilitative or continuing care needs of service users

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

ESSAY	1	2	3
-------	---	---	---

Outline Syllabus

Professional , Legal and Ethical dilemma relating to Long Term care (Value of Life/Ethical Distress/ Withdrawal of Treatment /Consent/Accountability)
Health Needs Assessment including public health issues (eg drug and alcohol abuse, homelessness)
