Beverly Pau	Y

**Academic Level:** FHEQ5  
**Credit Value:** 12  
**Total Delivered Hours:** 42  
**Total Learning Hours:** 120  
**Private Study:** 78

### Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Lecture	36
Tutorial	6

**Grading Basis:** 40 %

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Portfolio	AS1	Written report (2000 words or equivalent)	70	
Portfolio	AS2	Presentation of individual project to group (1000 word equivalent)	30	

### Aims

*To provide learners with an understanding of the potential for using technology to support and enhance learning.*

*To develop learners skills in the use of technological support systems.*

*To enable learners to reflect on the value of technology in supporting and enhancing learning.*

## Learning Outcomes

After completing the module the student should be able to:

- 1 Identify the potential for the integration of technology based resources into their own curriculum
- 2 Produce, present and evaluate a range of learning and teaching resources for their own curriculum area, which demonstrate a high level of ICT skills.
- 3 Analyse the contribution of ICT in promoting and enhancing effective learning.

## Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Report	1	3
Presentation	2	3

## Outline Syllabus

*Introduction and overview of the module*

*Technology based resources, such as:*

*Managed learning environments (VLE's) e.g. Blackboard*

*E-tutoring*

*Presentation techniques:*

*Multi-media presentations - Powerpoint*

*Interactive white boards*

*CD Rom facilities*

*Advantages and limitations of technological resources as a means of enhancing learning*

*Development of teaching and learning materials/resources.*

## Learning Activities

Lectures

Demonstrations

Presentations

Small group activities

Tutorial

Focused work based learning

## Notes

This module provides an opportunity for learners to explore the potential of a number

of technological resources which might enhance their curriculum, and to produce materials for the promotion of effective teaching and learning. Individual presentations will be used to disseminate good practice.
