

Liverpool John Moores University

Title: RESEARCH METHODS
Status: Definitive
Code: **5005WCYP** (100646)
Version Start Date: 01-08-2014

Owning School/Faculty: Nursing and Allied Health
Teaching School/Faculty: Nursing and Allied Health

Team	Leader
Julie Connolly	Y

Academic Level: FHEQ5
Credit Value: 12.00
Total Delivered Hours: 30.00
Total Learning Hours: 120
Private Study: 90

Delivery Options

Course typically offered: Semester 2

Component	Contact Hours
Lecture	22.000
Seminar	4.000
Tutorial	4.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	Research Proposal with supporting Literature review 100%, 3000 words.	100.0	

Aims

To provide the student with a foundation in research methods in order to equip them to critically analyse research with children and young people.

Learning Outcomes

After completing the module the student should be able to:

- 1 Show an awareness of research theories
- 2 Demonstrate an understanding of the research process.
- 3 Utilise the appropriate literature when undertaking a research project.
- 4 Discuss ethical issues within research.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

literature review 1 2 3 4

Outline Syllabus

Stages of the research process, identification of appropriate research questions, searching the literature, methods of data collection and analysis, ethical considerations.

Learning Activities

The student will be introduced to the paradigms within research and develop a practical understanding of their physical manifestations in data collection and analysis. They will learn to utilise this knowledge in the exploration of research papers as well as in the development of their own dissertations.
