

## Liverpool John Moores University

Title: Clinical Examination, Assessment and Decision Making  
Status: Definitive  
Code: **5007PM** (127861)  
Version Start Date: 01-08-2021

Owning School/Faculty: Nursing and Allied Health  
Teaching School/Faculty: Health

Team	Leader
David Preston	Y

**Academic Level:** FHEQ5      **Credit Value:** 20      **Total Delivered Hours:** 60

**Total Learning Hours:** 200      **Private Study:** 140

### Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Lecture	48
Online	10
Tutorial	1

**Grading Basis:** 40 %

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Exam	AS1	The student will be assessed via a viva voce and required to critically analyse a clinical case through the utilisation of current under-pinning knowledge.	100	1

### Aims

*This course will empower the students with the theoretical knowledge required to develop and support the clinical skills that they will be learning and utilising during the practice module and whilst on clinical placement.*

## Learning Outcomes

After completing the module the student should be able to:

- 1 Discuss the theoretical basis of assessment, critical clinical decision-making and management and justify clinical decisions.
- 2 Apply knowledge of anatomy, physiology, pathophysiology to paramedic practice.
- 3 Critically analyse a clinical case through the utilisation of current under-pinning knowledge.

## Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Clinical case VIVA	1	2	3
--------------------	---	---	---

## Outline Syllabus

*Anatomy & physiology*

*Pathophysiology of disease and illness*

*Medical terminology*

*Basic and advanced life support across the age ranges*

*Clinical skills application to practice*

*12 lead ECG interpretation and recognition*

*Obstetric and gynaecological emergencies*

*Mental health conditions and patient management*

## Learning Activities

Lectures

Problem based activities

Directed group work

Tutorials

## Notes

This module will consolidate and assess the students clinical understanding and application of theory and practice.
