Aims

The aim is to provide students with an extended period of work experience at an approved partner that will complement their programme of study at LJMU. This will give students the opportunity to develop professional skills relevant to their programme of study as well as the attitude and behaviours necessary for employment in a diverse and changing environment.

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically reflect on practice as part of an extended work-based learning experience.
- 2 Apply theoretical concepts to professional practice in a work-based learning environment.
- 3 Evaluate the role of professional conduct, safety and good character as part of an extended work placement.
- 4 Discuss the strategy, structure and operations within a professional organisation.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Placement portfolio	1	2	3	4
---------------------	---	---	---	---

Outline Syllabus

Prior to the commencement of the placement there will be a period of preparation for the placement.

The nature of the learning experience will depend upon the placement provider. The nature of the placement will be approved in advance by the university to ensure that the experience is appropriate and relevant to the student's programme of study.

Learning Activities

The exact nature of the learning activities will depend upon the placement. An appropriate programme of work and supervision relevant to the student's degree programme will be established through negotiation, on an individual basis, between LJMU, the placement provider and student.

Notes

This extended placement forms a key part of a sandwich degree. All placements need to be assessed and approved prior to commencement in line with the LJMU Placement Learning Code of Practice.

The Code of Practice requires students to conduct themselves in a professional and responsible manner during the placement - failure to do so may lead to the placement being terminated prematurely.

Placements are normally for one calendar year on a full-time basis. Split placements of a shorter duration may be permissible. There is an expectation that a minimum of 1200 hours will be spent in the workplace.
