Aims

To enable the student to apply the theoretical knowledge, skills and values from previous module learning and teaching to their practice.

To enable the student to apply the learning achieved and the teaching experienced during their first placement specifically in relation to the National Occupational Standards for social work.

To provide an opportunity for the student to experience the responsibility of meeting service users and carers needs.

Learning Outcomes

After completing the module the student should be able to:

- 1 Explore the range of, and the processes which are involved in, service provision and identify the social work role within that provision.
- 10 Demonstrate an understanding of the use of ICT in Social Work Organisations (ECDL Module 1)
- 11 Demonstrate compliance with ICT requirements in respect of health and safety, information security and systems security (ECDL Module 2)
- 12 Demonstrate the ability to enter data into a database and extract information from a database. (ECDL module 5).
- 2 Prepare for and work with individuals, families, carers, groups and communities to assess their needs and circumstances (Key Role 1).'
- 3 Plan, carry out, review and evaluate social work practice with individuals, families, carers, groups and communities and other professionals (Key Role 2).
- 4 Support individuals to represent their needs, views and circumstances (Key Role 3)
- 5 Manage risk to individuals, families, cares, groups, communities, self and colleagues (Key Role 4)
- 6 Manage and be accountable with supervision and support, for your own social work practice within your organisation (Key Role 5).
- 7 Demonstrate professional competence in social work practice (Key Role 6).
- 8 Demonstrate how they have explicitly applied social work values.
- 9 Apply the principles of anti-oppressive practice.

Outline Syllabus

Induction programme at the Agency in which they are placed.

Opportunities to observe the work of the Agency.

Supervision of the student's work in the agency.

Reflection on practice, practice supervision and theory linked to practice to support the student's learning.

Opportunities to develop social work practice skills through the allocation of work, which is appropriate to the level of development of the student.

Carry out work, which meets the requirements of the assessment schedule for Placement 2.

Learning Activities

Learning is facilitated through the practice teacher supervising the student on placement and this is complemented by lecture and discussion in university based sessions. The student is inducted to the agency, allocated work, participates in

supervision sessions, consults with and observes colleagues and obtains feedback on their practice from service users and carers.
