Mohan Samant	Y

Academic Level: FHEQ5
Credit Value: 12.00
Total Delivered Hours: 40.00
Total Learning Hours: 120
Private Study: 80

Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Lecture	36.000
Tutorial	4.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	Time constrained	75.0	
Essay	AS2	Coursework	25.0	

Aims

To develop an awareness of the laws and conventions appertaining to the safe operation of commercial vessels

Learning Outcomes

After completing the module the student should be able to:

- 1 Identify and appraise the maritime agreements, conventions and laws salient to the safe and commercial operation of vessels.
- 2 Demonstrate an understanding of the principles of UK and international legislation.
- 3 Analyse the principles of UK and international legislation as they apply to the expedient and safe commercial operation of vessel.
- 4 Critically evaluate those aspects of Marine Commercial Law concerning the transportation of cargoes.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

CW	1	2	3	4
CW	4			

Outline Syllabus

Agreements and conventions; i.e. Certification; Load lines; SOLAS; MARPOL; Health Regulations; Safety of ship, passenger, crew and cargo; National legislation for implementing International agreements, conditions for issuing, periods of validity, extension and control of statutory certificates and documents.

The principles of UK and International legislation, including; The laws of contract, tort and agency; liens; arbitration; UNCLOS III; Statutory and other records including OLB and ORB; legal responsibility of the master with regard to distress, collision, encountering navigational hazards, pollution, salvage, towage and pilotage.

The application of UK and International legislation, including; Flag State Surveys; Classification and other surveys; Port State Control Survey; and Record Keeping and the collection of evidence.

The relevant international regulations, codes and standards concerning the safe handling, stowage, securing and transport of cargoes, including; COGSA; Contracts of Carriage of Goods; CP types, clauses, rights and obligations; B/L; Carriage of Deck Cargo; MIA 1906, effects of deviation, delay, change of voyage, Marine Policy Form and Institute Time Clauses (Hulls); P & I Clubs; Commercial Institutions; Y/A Rules; Safe Port; Noting Protest and Extending Protest.

The procedure upon arrival at, and upon departure from a port.
