Module Overview

The aim of this module is to build upon 'Developing Practice in Mental Health Nursing 1' to further reinforce your engagement with knowledge, attitudes, values and skills associated with safe and effective care.

Additional Information

The Academic Assessor will monitor that the student has completed 337.5 practice hours. This includes any practice placement learning and simulated practice learning, in accordance with the students programme plan. These hours are not included in the total module hours but are noted within the module proforma for university monitoring and progression purposes. In addition to the contact hours above there are 160 private study hours. 99 hours are guided, this includes online and assessment preparation. Online hours are e-learning. 61 hours are independent study. Please note that workshop hours account for simulated theoretical learning, in accordance with NMC standard 3.4
