Aims

To provide an introduction to the ways in which businesses are set up, managed and might evolve .

To explore the different organizational structures that a business can adopt in their start-up and development stages.

To consider the relationship between those persons involved in the management of a business under each business model and the powers, rights and duties of such persons as between each other.

To provide an introduction to sales law and product liability.

To provide a brief introduction to agency.

To enable students to apply basic law in a variety of business scenarios.

Learning Outcomes

After completing the module the student should be able to:

- 1 Evaluate the different forms of business models available in English Law; compare and contrast different business models and recognise the strengths and weaknesses that each model represents.
- 2 Define and evaluate the relationship, powers, rights and duties, between those persons involved in the management of a business under each business model.
- 3 Demonstrate understanding of key aspects of product liability legislation and the potential impact on businesses.
- 4 Demonstrate and apply knowledge of basic sales and agency law in advising persons engaged in running and working in a business.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

4000 words assignment	1	2	3	4
-----------------------	---	---	---	---
