Presentation	AS1	PRESENTATION - 4500 word equivalent	100	

### Aims

*To provide flexible opportunities for personal and professional learning matched to identified individual needs and relating to a specific topic.*

*To encourage students to develop critical faculties in relation to research, policy and practice in relation to a specific issue in education.*

## Learning Outcomes

After completing the module the student should be able to:

- 1 Analyse and debate theory in relation to professional practice.
- 2 Select appropriate techniques for information selection and personal research.
- 3 Analyse and critically discuss the research literature available relating to the topic.
- 4 Present research findings and critically evaluate research
- 5 Demonstrate effective of application of IT tools.

## Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

PRESENTATION	1	3	2	4	5
--------------	---	---	---	---	---

## Outline Syllabus

*This module provides educational professionals with an opportunity to complete a supported personal study based on their professional practice. Through lectures and individual tutorials, students are supported in completing an assignment which is linked to a specific professional practice issue which is interrogated within the research and theoretical framework.*

## Learning Activities

Lectures, tutorials, work based learning, independent study.

## Notes

This module provides a framework for students to investigate and reflect on an issue central to their professional role and professional practice. Students will be supported and equipped with the requisite knowledge and skills to complete an in depth analysis of the issue under study while linking this to their personal and professional needs.
