Lecture	30
Seminar	20
Workshop	10

### Module Offering(s)

Offering Code	Location	Start Month	Duration
APR-MTP	MTP	April	12 Weeks
JAN-MTP	MTP	January	12 Weeks
SEP-MTP	MTP	September	12 Weeks

### Aims and Outcomes

<b>Aims</b>	This module will explore how the theories and principles of psychology and human behaviour can be applied in a variety of response contexts. Exploration of the role of and responsibilities of the Response Officer will provide an understanding of the need for joint interoperability between emergency services, whilst identifying the core policing functions, strategies, and legislation, available to deal with a variety of road related crime and incidents. Students will examine the process of "organisational justice" and the possible impact upon members of the police service.
-------------	--

### Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Discuss the functions, powers and practical policing skills needed and responsibilities of the Response Policing role, when attending incidents as a first responder and the need for joint interoperability between emergency services.
MLO2	Considering the available legislation, formulate appropriate responses to criminal activities and relate these to the basic principles of psychology and human behaviour.
MLO3	Differentiate between the causes of conflict within a policing context, including the implications of organisational justice, ethical and moral issues around use of force, and the appropriateness of differing type of police interventions to address them.
MLO4	Debate core policing functions, strategies, and legislation available to deal with a variety of incidents, and examine how their effective use may benefit victims and the community as a whole

## Module Content

### Outline Syllabus

Theories, principles and the application of psychology and human behaviour to various response contexts. The complexities and challenges of operational policing. Critical incidents. Policing the roads. Understanding the potential impact of organisational justice on a police constable. Challenging organisational culture.

### Module Overview

This module will explore how the theories and principles of psychology and human behaviour can be applied in a variety of response contexts. You will explore the role and responsibilities of the Response Officer and develop an understanding of the need for joint interoperability between emergency services whilst identifying the core policing functions, strategies, and legislation available to deal with a variety of road related crime and incidents.

### Additional Information

Lectures and other activities will provide the students with information to then enable them to practically apply the knowledge acquired, within the tasks and experiences incorporated into the workshops. Discussions and activities, such as how the theories and principles of psychology and human behaviour can be applied in a variety of response contexts. Identifying the categories of the prevalent criminal activities facilitated by the road network evaluating how this can be disrupted by effective roads policing.

Curriculum Related Objectives (Links to CoP objectives) 1 Explain the purpose, functions and powers of the Response Policing role. 2 Describe legislation available to ensure the application of the appropriate responses to criminal activities that will be encountered within this role. 3 Select principles of human behaviour and psychology relevant to the response role. 4 Identify the practical policing skills needed and responsibilities of the Response Policing role, when attending an incident as a first responder and the need for joint interoperability between emergency services. 5 Differentiate between the causes of conflict within a policing context, including the implications of organisational justice. 6 Describe the ethical and moral implications for the use of force as police officers, recognising organisational and cultural issues. 7 Identify the appropriate responses to differing police interventions, and the justification and all actions taken. 8 Analyse the core policing functions, strategies, and legislation available to deal with a variety of road related crime and incidents. 9 Consider how the effective use of these powers and authority may reduce the effects of such activities upon the victims and the community.
