Lecture	8
Placement	140
Tutorial	2

Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
JAN-MTP	MTP	January	12 Weeks

Aims and Outcomes

Aims	Students will be provided with the opportunity to design, develop and implement a project or a set of project activities related to a real-world setting relevant to their future career choice. The module will build upon the student's PDP and provide opportunities for them to reflect upon their own development and future work related targets
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Design project outcomes relevant to education and their own development needs
MLO2	2	Apply the principles of project management to an area of interest'
MLO3	3	Reflect and evaluate on learning from the project.

Module Content

Outline Syllabus	Professional Development Portfolio - where are you now? (PDP) Safeguarding and safer working practice Setting personal / project goals Professional conduct Project related sessions Roles and responsibilities Management and organisation within the project Project management tools
Module Overview	Working in a real-world setting is essential to give reality and relevance to studies. It facilitates current and future employment opportunities. This module provides you with the opportunity to develop your organisational awareness and, for those who have previously completed the World of Work Bronze, to complete the World of Work Silver. A significant part of the module will involve the delivery of a self-negotiated project which is relevant within the field of education.
Additional Information	Working in a real-world setting is essential to give reality and relevance to studies. It facilitates current and future employment opportunities. This module provides students with the opportunity to develop their organisational awareness and, for those who have previously completed the World of Work Bronze, to complete the World of Work Silver. A significant part of the module will involve the delivery of a self-negotiated project which is relevant within the field of education.
