Module Overview
A placement year is an extended period of work experience at an approved partner that will complement your programme of study at LJMU. It will give you the opportunity to develop professional skills relevant to your course as well as the attitude and behaviours necessary for employment in a diverse and changing environment. Placements are normally for one calendar year on a full-time basis. Split placements of a shorter duration may be permissible.

Additional Information

This extended placement forms a key part of a sandwich degree. All placements need to be assessed and approved prior to commencement in line with the LJMU Placement Learning Code of Practice. The Code of Practice requires students to conduct themselves in a professional and responsible manner during the placement - failure to do so may lead to the placement being terminated prematurely. Placements are normally for one calendar year on a full-time basis. Split placements of a shorter duration may be permissible. There is an expectation that a minimum of 1200 hours will be spent in the workplace.
