Offering Code	Location	Start Month	Duration
SEP-MTP	MTP	September	12 Weeks

Aims and Outcomes

Aims	To assess critically the nature, scope and limits of international human rights law and their political and social contexts
-------------	---

Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Understand the significance of human rights for individuals, in light of international and domestic legislation and violations of those rights.
MLO2	Understand issues in international human rights law, such as statelessness and refugee recognition and the development of legal instruments relating to them.
MLO3	Evaluate the effectiveness of legal instruments and the significance of political context upon their enforcement.

Module Content

Outline Syllabus
1. History and Development of Human Rights Protection 2. Human Rights in Europe with a focus on 20th Century European issues 3. International and Regional Rights instruments 4. Human rights in UK domestic context 5. Current issues in internal human rights such as rights of refugees, genocide, statelessness, UN intervention.

Module Overview
This module is intended for you if you have an interest in how law affects groups and individual people, sometimes helping them to overcome difficulties, sometimes failing them. It will also help students with a general interest in civil liberties and international law. You will develop the ability to critically assess the nature, scope and limits of international human rights law and their political and social contexts.

Additional Information

The module is intended for students with an interest in how law affects groups of and individual people, sometimes helping them to overcome difficulties, sometimes failing them. It will also help students with a general interest in civil liberties and international law.
