Category	Short Description	Description	Weighting (%)	Exam Duration
Practice	AS1	30 minutes	100	

Aims

The aim of this module is to teach students the emerging issues of unconventional or non – traditional security in the world and how they have become more pressing problems in contemporary global affairs than conventional issues.

Learning Outcomes

After completing the module the student should be able to:

- 1 Understand the issues of non – traditional security that affect the world irrespective of conventional demarcations such as state, community and national defence.
- 2 Analyse the impact of non – traditional security aspects to global relations both individually collectively.
- 3 Suggest appropriate sustainable development initiatives to handle non – traditional security issues.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

30 minutes 1 2 3
