Aims and Outcomes

Aims	To examine issues relating to project planning and management, including application of change management techniques

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Employ management tools to successfully lead teams to project completions.
MLO2	2	Analyse change management techniques and their effective application.
MLO3	3	Manage business projects.

Module Content

Outline Syllabus	The assessment item list is assessed via the learning outcomes listed:
Module Overview	
Additional Information	Formal lectures will be supported by group works under supervision of lecturers. Students work in groups with a business-set-up on a Project, including all relevant aspects of planning and implementation. Especially resulting issues for Change Management are addressed. Lecturers teach methods and act as consultants to student groups during the groupwork phase. The project planning and results have to be presented. Learning Outcomes will be assessed with this presentation.
