MLO2	2	Undertake critical and self-reflective practices to sustain personal and professional development.
MLO3	3	Apply strategies to support and sustain positive health practices in all aspects of their training.

Module Content

Outline Syllabus	Industry Studies will continue the work explored in Level 4 as part of Introduction to Industry. Students will develop greater awareness of the current industry whilst being encouraged to develop professional communication and networking skills. During the lecture series, students will create and refine their Curriculum Vitae and begin to investigate head-shots, Expression of Interest letters (Eoi), and other particulars pertinent to engaging with the industry. Lectures will be given by multiple individuals from within the faculty and students will be encouraged to utilize personal time for preparation and reflective practice. Body Conditioning and Strength training will run weekly alongside the lecture series, ensuring students remain engaged in well-being practices set up in Level 4.
Module Overview
