Career	Undergraduate
Credits	20
Academic level	FHEQ Level 5
Grading Schema	40

#### Teaching Responsibility

LJMU Schools involved in Delivery
LJMU Partner Taught

#### Partner Teaching Institution

Institution Name
International College IMPERIA

#### Learning Methods

Learning Method Type	Hours
Lecture	11

#### Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
JAN-PAR	PAR	January	12 Weeks
JAN_NS-PAR	PAR	January (Non-standard start date)	28 Weeks

## Aims and Outcomes

Aims	This module brings together topics studied at Level 5 and integrates their application within a live project scenario. The project also aims to develop the professional skills required to make effective decisions in an inclusive working environment.
------	---

**After completing the module the student should be able to:**

### Learning Outcomes

Code	Number	Description
MLO1	1	Apply professional skills within a collaborative and inclusive working environment.
MLO2	2	Use critical and analytical skills to collate and review information and data from a range of sources and identify practical solutions to a given scenario.
MLO3	3	Apply knowledge to produce a portfolio that demonstrates effective synthesis of information and application of professional skills.

## Module Content

Outline Syllabus	This module will facilitate the learning process by enabling students to apply previously gained knowledge and theory in a practical context, working collaboratively in order to negotiate decisions in relation to specific tasks. The brief will require consideration of a range of competencies dependent on the context of the project brief such as; software technologies, negotiation skills, legal considerations, valuation, report writing skills.
Module Overview	
Additional Information	The core theme of the module is to integrate the academic knowledge acquired from individual module subject areas, together with the professional and academic skills leading to the production of a portfolio. Collaborative working is a key theme of the module; the intention being to simulate the work-place environment and activities and further develop the professional skills required of a real estate professional.
