

## Liverpool John Moores University

Title: Work Based Learning (Managerial)  
Status: Definitive  
Code: **5554BFC** (121566)  
Version Start Date: 01-08-2020

Owning School/Faculty: Engineering  
Teaching School/Faculty: Blackpool & Fylde College

Team	Leader
Barbara Kelly	Y

**Academic Level:** FHEQ5  
**Credit Value:** 20  
**Total Delivered Hours:** 100  
**Total Learning Hours:** 200  
**Private Study:** 100

### Delivery Options

Course typically offered: Semester 2

Component	Contact Hours
Placement	82
Tutorial	18

**Grading Basis:** 40 %

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Report	Report	Shipboard Management (4500 words)	100	

### Aims

*This module aims to further develop skills in the application of specialist knowledge to practical situations in a management capacity, and critical analysis of the results. Through this module, the transition from academic study to professional engagement is promoted through application, critical analysis, evaluation and professional reflection.*

## Learning Outcomes

After completing the module the student should be able to:

- 1 Critically analyse the purpose, process and outcome of a shipboard operation from a managerial perspective.
- 2 Manage a shipboard operation.
- 3 Critically evaluate roles and responsibilities of those involved in a shipboard operation from a managerial perspective.
- 4 Reflect on the effectiveness of the management of a shipboard operation and identify personal actions for future improvement.

## Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Shipboard Management	1	2	3	4
----------------------	---	---	---	---

## Outline Syllabus

*Project planning and time management*

*Application of technical language and specialist knowledge*

*Critical analysis of operations in terms of purpose, process and outcome*

*Critical evaluation of personal performance and performance of team*

*Critical evaluation of roles and team structure*

*Professional reflection*

## Learning Activities

The WBL (managerial) module will be completed by students during their sea phase with the support of a designated WBL module leader at college and materials made available electronically. Learning activities across the whole of the programme feed into the WBL project through specific concepts and underpinning knowledge.

Briefings before departure for the sea phase will allow guidance to be given, examples to be studied, and initial questions to be discussed. Students will be encouraged to make use of the feedback received for WBL (operational).

## Notes

This module can contribute to the underpinning knowledge required for progression to an Officer of the Watch professional qualification. The work placement can be completed in an alternate environment to a ship based placement following discussion with the programme leader.
