## Aims and Outcomes

Aims	To provide students with a further range of advanced musicianship skills including aural, improvisation, interpretation and that will further support their work and study and development as a musician.
------	---

**After completing the module the student should be able to:**

### Learning Outcomes

Code	Number	Description
MLO1	1	Analyse and transcribe advanced melodies, forms, structures, chords sequences and musical arrangements
MLO2	2	Employ a sophisticated range of improvisation, and interpretation skills in ensemble settings.
MLO3	3	Analyse and demonstrate personal musicianship skills development and progress

## Module Content

Outline Syllabus	Aural Skills seminars will develop student hearing, analytical and transcribing skills. Improvisation workshops will practically apply these aural and analytical skills in a creative setting, working within the genres of Jazz and Popular Music. Repertory workshops will further develop student's interpretive skills within a performance context with opportunities to apply these skills in practical performance settings. A range of tutor-led practical music-making opportunities will allow development of these skills in band and choral contexts.
