

Liverpool John Moores University

Title: PARTNERSHIP APPROACH TO MIDWIFERY EMERGENCIES
Status: Definitive
Code: **6000BAMID** (100418)
Version Start Date: 01-08-2014

Owning School/Faculty: Nursing and Allied Health
Teaching School/Faculty: Nursing and Allied Health

Team	Leader
Clare Maxwell	Y

Academic Level: FHEQ6 **Credit Value:** 24.00 **Total Delivered Hours:** 109.50
Total Learning Hours: 240 **Private Study:** 130

Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Lecture	24.000
Online	60.000
Tutorial	1.000
Workshop	24.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Exam	AS1	Clinical Scenarios	50.0	0.50

Aims

To enable the student to recognise an emergency in pregnancy/childbirth and initiate immediate and appropriate action

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically evaluate the pre-disposing factors to an adverse situation
- 2 Consolidate existing knowledge of patho-physiology with application to an adverse situation
- 3 Define the midwife's role and responsibility in relation to an adverse situation
- 4 Demonstrate knowledge of the management of an adverse situation
- 5 Exercise clinical judgement when undertaking the management of identified adverse situations
- 6 Evaluate the role and responsibilities of members of the interprofessional team during an adverse situation

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

exam	1	2	3	4	5	6
------	---	---	---	---	---	---

Outline Syllabus

PPH & retained placenta, Secondary PPH, Shoulder dystocia, Eclampsia, Cord accidents, APH, Ruptured uterus, Uterine inversion, Amniotic fluid embolism, Maternal Cardiac Arrest, Fetal Distress, Performing Instrumental deliveries, Assisting with C/S, Prophylactic and preventive approaches to adverse events, Current practice issues, Teamwork and an interprofessional approach, Debriefing, The role of supervision and adverse events, Legal aspects of emergencies, The role of the midwife and adverse events
