Outline Syllabus

There is no syllabus content associated with this module. Students choose a business problem or issue, which may be related to work undertaken on placement year or on a part time basis, or which may be desk based research. Students on specialist programmes such as Marketing or HRM would be expected to research in these areas.

Learning Activities

Individual meetings with tutors providing guidance on the management of the research and production of the project.

Notes

This module enables final year students to apply their knowledge and skills to a properly researched business problem or issue.

For sandwich students, the project focus normally relates to work undertaken in the placement year. Non-sandwich students may base their project on links to a company through, for example, part-time employment, or may conduct a desk based project.

All students must submit a proposal to module leader for their intended project. (See module guide for proposal requirements).

Feedback will be given to students after project assessment and the programme assessment board, via a mark/feedback form, compiled by the project supervisor.

Assessment criteria for the project are detailed in the module handbook.
