Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	Literature review – Essay- 4,500 words	100	

Aims

To provide the student with an understanding of the impact world economies have on midwifery care.

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically analyse the impact of research on the provision of care.
- 2 Critically evaluate how midwifery research influences government policy both nationally and internationally.
- 3 Critically reflect upon the position of women within the global economy.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Essay	1	2	3
-------	---	---	---

Outline Syllabus

Millennium Goals, key drivers of midwifery care, government reports and policies advising or governing midwifery, medicalisation of childbirth, values, beliefs and traditions, cultural diversity, global influences.

Learning Activities

Lectures, discussion, online learning, reflections.

Students will be formatively assessed throughout this module and specifically by: group work on cultural diversity, pairs work on midwifery key drivers.

Notes

This module is designed to support the student in their reflections on the impact national and international policies have on women's lives.

This module assessment requires 40% minimum to pass the module.
