Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Reflection	ASS1	1500 word reflective essay	70	
Presentation	ASS2	15 minute interview	30	

Aims

To develop and practice skills to prepare graduates of the programme for the professional requirements of registration as an Environmental Health Practitioner and the world of work.

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically reflect on the graduate skills acquired during the programme and the professional skills required for registration as an Environmental Health Practitioner
- 2 Utilise knowledge of the recruitment process and evaluate their knowledge and skills to deliver an effective interview for a job.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

1500 word reflective essay	1
15 minute interview	2

Outline Syllabus

Identification and reflection of graduate skills; CV writing; researching the job market; attending mock interviews; preparing job applications; shortlisting candidates based on job applications; review of environmental health professional body requirements.

Learning Activities

This practical, skills based module will be delivered through lectures and seminars, practical exercises and online learning tasks. It is linked to the personal tutor system and will utilise videos and simulated exercises to develop interviewing skills.

Notes

This module gives the student the opportunity to identify and maximize their strengths and prepares them to compete in the job market. It will allow them to fully understand the career pathways open to them and the professional requirements of the Chartered Institute of Environmental Health.
