| Component | Contact Hours |
|-----------|---------------|
| Lecture   | 26.000        |
| Tutorial  | 26.000        |

**Grading Basis:** 40 %

#### **Assessment Details**

| Category | Short<br>Description | Description | Weighting (%) | Exam<br>Duration |
|----------|----------------------|-------------|---------------|------------------|
| Exam     | AS1                  | Examination | 75.0          | 3.00             |
| Report   | AS2                  | Coursework  | 25.0          |                  |

#### **Aims**

To develop a fundamental knowledge and an understanding of the UK tax system and to examine the impact of the major taxes on individuals and organisations.

## **Learning Outcomes**

After completing the module the student should be able to:

- 1 Explain and appraise Income Tax, National Insurance Contributions, Capital Gains Tax, Corporation Tax and VAT.
- Prepare tax computations of Income (including National Insurance Contributions), Capital Gains and Corporation Tax, taking account of current rates, exemptions, reliefs and allowances.
- 3 Evaluate critically the revenue raising abilities of the major UK taxes.
- 4 Demonstrate the ability to synthesise information in a coherent and logical format.

## **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

| EXAM | 1 | 2 | 3 | 4 |
|------|---|---|---|---|
| CW   | 1 | 2 | 3 | 4 |

## **Outline Syllabus**

# Notes

The coursework provides an opportunity for formative feedback; the examination is the terminal summative assessment.

Tax texts are re-written each year; the latest edition will be required.
