Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Presentation	AS1	Presentation on a proposal for a change in practice - 20 minutes long, and 10 minutes for questions.	100	

Aims

To prepare the student to act as a leader and influential midwifery practitioner.

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically analyse the role of the midwife in the multiprofessional team.
- 2 Critically reflect upon the balance between management and leadership in midwifery practice.
- 3 Identify and reflect upon the potential to lead and your ability to make things happen.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Presentation	1	2	3
--------------	---	---	---

Outline Syllabus

Theories of management, leadership and change, ethico-legal principles, NHS strategic planning; professional body regulations, government strategies and targets, clinical governance, investigatory skills, statutory requirements, multiprofessional working; emotional intelligences, role modelling, professional conduct, misconduct and mismanagement. CV writing, interview technique, shadowing.

Learning Activities

Lectures, Workshops, seminars, on-line learning, discussions, shadowing, WoW making things happen engagement.

Students will be formatively assessed throughout this module and specifically by: shadowing experience and feedback, group work on change in practice.

Notes

This module is designed to prepare the student to become a midwifery leader, appreciating others with the focus being on providing research based care to women and their families.
