**Academic Level:** FHEQ6      **Credit Value:** 10      **Total Delivered Hours:** 28  
**Total Learning Hours:** 100      **Private Study:** 72

### Delivery Options

Course typically offered: Semester 2

Component	Contact Hours
Lecture	14
Practical	2
Seminar	12

**Grading Basis:** 40 %

### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Reflection	ASS1	1500 word reflective essay	70	
Presentation	ASS2	15 minute interview	30	

### Aims

*To develop and practise skills to prepare graduates of the programme for the variety of jobs available within the public health setting*

### Learning Outcomes

After completing the module the student should be able to:

- 1 Critically reflect on the graduate skills acquired during the programme and the professional skills required for working within public health.
- 2 Utilise knowledge of the recruitment process and evaluate their knowledge and skills with reference to the employment market.

### **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

1500 word Reflective essay	1	2
15 minute Interview	2	

### **Outline Syllabus**

*Identification and reflection of graduate skills; CV writing; researching the job market; attending mock interviews; preparing job applications; shortlisting candidates based on job applications.*

### **Learning Activities**

This practical, skills based module will be delivered through lectures and seminars, practical exercises and online learning tasks. It is linked to the personal tutor system and will utilise videos and simulated exercises to develop interviewing skills.

### **Notes**

This module gives the student the opportunity to identify and maximize their strengths and prepares them to compete in the job market. It will allow them to fully understand the career pathways open to them within public health. Students will also provide evidence of completion of the CareerSmart tasks
