Essay	AS 1	essay	80	
Presentation	AS 2	presentation	20	

Aims

The focus of this module is to enable the students to gain a critical understanding of the effective management of risk

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically analyse the process of engaging individuals and families in safeguarding activities
- 2 Understand the process of organisational and/or individual change leading to improved outcomes for individuals and families
- 3 To explore and understand the implications of management decisions in relation to risk in work-based learning/practice settings.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

essay	1	2
presentation	3	

Outline Syllabus

What inspection regimes are in place, nationally and within both statutory and non statutory organizations?

The importance of safe conduct, safe staff and management of allegations will be explored.

Evaluation of practice / making professional judgments

Managing risk – the concept of acceptable and unacceptable risk

Managing inherent conflicts in the safeguarding process (e.g. partnership / no delay)

Learning Activities

Through a combination of lectures, small group discussions, seminars, this module will enable students gain a critical understanding of management perspectives in relation to safeguarding. Lectures will have brief but focused inputs throughout to enable students gain knowledge and an understanding of the issues/factors involved in the management of safeguarding issues. All lectures are interactive throughout, including one-to-one discussions, small group discussions, question and answer sessions, DVD and Powerpoint facilitated exploration sessions.

Notes

This module aims to enable the student to reflect on the effective management of practice. It will enable the student to challenge current practice, initiate change and ultimately make a difference to individuals and families.
