Aims

To provide students with the opportunity to make a significant contribution, by means of a specific function, to a creative ensemble in the production of works of theatre
To consolidate students' artistic, technical and administrative abilities and skills in the context of a public festival of theatre
To facilitate and consolidate students' ability to work autonomously as theatre practitioners

Learning Outcomes

After completing the module the student should be able to:

- 1 Transfer and apply advanced creative skills and exercise significant judgment in the contexts of creating and delivering performance(s) as part of a season of work for public audiences
- 2 Analyse and apply the use of group processes in the creation of work including, for example, working collectively in an ensemble, co-creation and organisational structures
- 3 Effectively lead, facilitate, participate and problem solve within team working contexts

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Outline Syllabus

A creative and practical module designed to facilitate each student with the opportunity to develop and work independently within an ensemble. Based on work undertaken in Musical Theatre Production Company and Advanced Musical Theatre Practice 1 modules, students will organise, create and deliver an agreed programme of musical theatre performance as part of the department's annual Drama Festival. Students can choose to act, direct, write, take on a technical or administrative role towards the production of the Festival and will receive guidance from staff in developing their work.
