

Liverpool John Moores University

Title: International Perspectives on Child and Adolescent Health
Status: Definitive
Code: **6009WCYP** (118681)
Version Start Date: 01-08-2014

Owning School/Faculty: Nursing and Allied Health
Teaching School/Faculty: Nursing and Allied Health

Team	Leader
Julie Connolly	Y

Academic Level: FHEQ6
Credit Value: 12.00
Total Delivered Hours: 30.00
Total Learning Hours: 120
Private Study: 90

Delivery Options

Course typically offered: Semester 1

Component	Contact Hours
Lecture	20.000
Seminar	10.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Portfolio	AS1	Student led seminars and presentation of seminar papers (4 x 1000 words)	100.0	

Aims

Encourage the student to explore the effects of globalisation upon the health of children and young people in national and international contexts.

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically analyse a range of contemporary issues influencing the health of children and young people at a national and international level.
- 2 Critically examine a range of health problems affecting children and young people in one society outside the UK.
- 3 Analyse and evaluate the health status and services for children and young people within other societies outside the UK.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Seminars and presentations 1 2 3

Outline Syllabus

Globalization and its impact upon child health. Effects of economic, trade and cultural influences upon the health of children and young people, Case studies examining issues such as nutrition, provision of medication and infant formula, HIV, child labour and sexual health. Health promotion/public health services, role of health and other professionals in the promotion of child health.

Learning Activities

Lectures, debate, student led seminars and presentation of seminar papers.
