Category	Short Description	Description	Weighting (%)	Exam Duration
Report	AS1	Seen Case Study Exam	100.0	

Aims

Students should develop the knowledge and skills required to manage and develop the potential of employees to the mutual benefit of employer and employee, in support of the organisations overall business objectives.

Learning Outcomes

After completing the module the student should be able to:

- 1 Select and justify appropriate methods for identifying a range of training needs.

- 2 Propose appropriate HRD interventions to meet identified needs.
- 3 Present a proposal to implement a HRD intervention.
- 4 Design approaches to evaluate HRD interventions.
- 5 Produce a consultancy report for a case study organisation dealing with a complex HRD issues.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Report 1 2 3 4 5

Notes

The module provides students with knowledge of current HRD from an individual and organisational context. They are required to apply this knowledge and persuade line management of the benefits involved in developing individuals. Strategic HRM builds on this by providing a national and strategic overview.
